

OFFER MEMBERS MORE WITH SILVER Sneakers AND TUITION REWARDS

Give prospective members yet another reason to enroll in a plan that includes SilverSneakers.

Tivity Health®, through a unique partnership with SAGE Scholars Tuition Rewards®, offers the Tuition Savings Program to SilverSneakers® members. They can improve their health and help their loved ones with college tuition.

Benefits to health plan members:

- Members **receive 1,000** Tuition Rewards Points just for signing up. (Points are redeemable as discounts on tuition).
- Members can **earn 250 points** each month by visiting a SilverSneakers participating location or engaging in a qualifying activity seven or more times in a month.*
- 1 point = **\$1 tuition discount** at more than 400 private colleges and universities. See tuitionrewards.com/colleges for complete list.
- Each designated student can **receive up to one full year's worth of tuition discounts** (spread equally over four years of undergraduate, full-time education).
- Members receive **access to comprehensive college and career planning tools** designed to provide parents and students with best practices and proven strategies to achieve successful college careers.
- Members may accumulate points for **designated family members** and godchildren from birth to the start of their senior year of high school.
- There is no cash value. Points can only be redeemed for tuition savings at participating colleges and universities.

**Note: SilverSneakers LIVE online classes, Community classes, and in-gym visits count towards Tuition Rewards Points! On-Demand video visits do not qualify for Tuition Rewards Points.*

Example: After registering her grandson as a student through Tuition Rewards, SilverSneakers member Jane visits the local YMCA twice a week for a total of eight times per month. Each month she does this, she sees her grandson's Tuition Rewards climb by 250 points. If Jane does this for six months, she will accumulate 1,500 points toward her grandson's college tuition, equal to \$1,500!
